(b) The Contractor shall expend its best effort towards accomplishing the Scope of Contract work outlined above. The level-of-effort required for total performance under this contract shall consist of a minimum of labor hours and/or a maximum of labor hours. For the purposes of this contract, one person-week shall consist of forty (40) direct, straight time hours expended by an individual assigned to and working under this contract.

(c) The estimated composition of the total labor-hours under this contract is as follows:

Labor Category	Base Period	Option Period 1	Option Period 2	Option Period 3	Option Period 4

(d) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor-hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor-hours is predicted.

(e) It is understood and agreed that the rate of labor-hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor-hours before the expiration of the term of the contract.

(f) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor-hours set forth above prior to the expiration date of this contract. If the Contracting Officer approves the request, the accelerated performance shall be without increase in fee and the transaction formalized by modification to this contract.

(g) On or about the completion date of this contract, the Contractor shall submit to the Contracting Officer a brief certified statement supported by a breakdown, by labor category, of the labor hours actually expended in the performance of this contract.

(h) The Fee for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum level-of-effort specified. In the event the minimum level-of-effort is not provided as specified, the fee shall be equitably adjusted downward in accordance with the following formula:

$$\text{Fee Reduction} = \frac{\text{Fee (in \$)} \times (\text{Target LOE} - \text{Expended LOE})}{\text{Target LOE.}}$$

"Fee Reduction" computed by the above formula is the dollar amount by which the fee specified in the contract will be reduced. "Fee" in the above formula means the fixed fee specified in the contract for CPFF type contracts. "LOE" in the above formula means "level of effort".

(i) In the event the Government desires an additional level-of-effort in excess of the maximum person-hours specified prior to contract completion, the parties may negotiate to make an equitable adjustment of the amount of Fee payable hereunder.

B.2 Option For Increased Quantity - Direct Hours (Cost Reimbursement) (NOV 2005)

(a) The parties recognize that the total amount of direct labor hours set forth in the "Type of Contract and Consideration" clause in Section B represent(s) the best estimate of the number of direct hours that will be required to accomplish this contract effort. As the work continues or evolves, the effort originally contemplated may enlarge or modify, necessitating additional hours in excess of the amount set forth in said clause. As long as the additional effort is deemed by the contracting officer to be within the scope of the contract, the total amount of direct hours may be increased in order that additional effort may be performed. Unless otherwise specified in the contract, any increase in total hours shall be at the hourly rate as set forth in paragraph (b) below.

(b) The Government may increase the number of direct hours by issuing an appropriately funded unilateral modification to this contract citing this clause as authority. Each unilateral modification issued pursuant to this provision shall increase the total estimated contract value set forth in the "Type of Contract and
